

# Reusable produce bags for the ecosmart consumer

## Have you Got It?

- Bring **Got It!** reusables when shopping for produce & bulk food.
- Wash produce right in the bag.
- Store produce in the bags, too.
- The moisture left in the breathable mesh helps to keep food fresh.
- When the bags need a wash, toss them in the laundry.
- Test them out for yourself, then pass the word.
- Let's do our best to reduce plastic packaging!

Made in Canada

*Washable & Lightweight*

*Holds 2.75 kg (6 lbs)*

*Reduces Plastic Usage*

**Got It!** is a versatile alternative to using plastic bags in the produce and bulk aisles.

Buy, wash, and store produce, nuts and grains right in these strong, reusable mesh bags.

You already bring shopping bags to the store, so why not take your eco-conscious efforts another step further, by bringing reusable produce bags as well?

You'll discover a multitude of uses for **Got it!**

Laundry delicates, pack lunches, strain nut milk & jellies, store toys & tools etc. The possibilities are endless.

Based in Vancouver, Canada. This company is a strong proponent of recycling, reusing and local production.

For optimum freshness, store your produce in separate groups:

### Moisture Lovers

Carrots  
Celery  
Cucumber  
Leafy Greens  
Parsnips

### Cave Dwellers

Apples  
Potatoes  
Onions  
Oranges  
Yams
